Deb Gemmell Of Cabin Fever

Customize your own Top Down

All day class 10:00- 5:00

No seams to sew! No finishing to do!

We are all shaped differently. How can we make your raglan sweater fit your figure?

- Are your sleeves generally too wide, too narrow?
- Would you like a waist in your sweater for a classier look?
- Do your sweaters fit both your bust and your hips?
- Can I knit it in a different weight of yarn?
- Where can I put in some patterning?

Let's put a V-Neck on a Top Down miniature teddy-bear sized raglan sweater.

After knitting this small sweater you will know all the techniques necessary to knit a larger version.

You will be able to add Short Rows to your knitting know-how.

Explore different increases, look at design options to make your top down your own and discuss adjustments for gauge.

**Bring;** yarn circular needle 24" long, blunt sewing needle, ring markers, double pointed needles.

Please wear a light weight top so we can get accurate measurements for your customized sweater.

Class size is limited so sign up soon. **\$65** includes a light lunch.
